Please note: *food is not provided for the athletes at the competition we suggest approximate \$50 a day should suffice.*

There will be team managers assigned to teams to support the running of the team, including meals and general support of the athletes.

Emergency Athlete Training Fee

A training fee of \$200 has been put in place for the Victorian State Indoor Program. Athletes selected as emergencies are able to participate throughout the year giving yourself the best opportunity to train with the state teams and be up to scratch if a spot opens up on the team.

Please note that if you are selected for the team this training fee will automatically be deducted from the levy.

*Emergency Training Fee – **is now over Due***

Uniforms

Uniforms have now been ordered. We are awaiting a final delivery date and will organise the uniform presentation day (for all teams) once received. **Please note – we are aiming for approximately September 4**

Elite Athlete Travel Grant.

Volleyball Victoria Inc is pleased to announce the distribution of funds from the Department of Sport and Recreation 'Athlete Pathway Travel' grants, with \$6,000 being secured to support the U15s and a further \$6,000 for the U17s/U19s. VVI will arrange for a credit to each athlete of approximately \$85 (U15s) or \$60 (U17s/U19s), consistent with the conditions of the grant, and these funds have been credited against all athlete accounts. Any athletes who have already paid their levy in full will also receive the credit.

The Department of Sport and Recreation Victoria have changed their policy in the last 12 months and required sport apply directly on behalf of athletes and teams for this grant and VVI has been successful on two occasions this year in securing funding for State team programs. VVI would like to thank Sport and Recreation Victoria for their support of the beach and indoor State team programs through this grant.

Team Managers

A reminder that expressions of interest are now open for team manager positions. Please see my previous email in regards to the roles, duties and requirements of team managers. If you have any questions, please don't hesitate to contact me.

Communication

Email is the primary point of contact for all communication in relations to the Victorian State Team Program; we request that you check the email address you have provided Volleyball Victoria at least twice a week for important information. In addition to this, to ease and streamline the process of email communications. When contacting Volleyball Victoria with questions and queries, we request that you format your email in the follow manor. Subject: 'athlete name, team, general area of enquiry'. Given that we have 170+ athletes included in the program this year it will ensure that the process is as simple as possible for both parties.
